Try Aqualine™ product performance at 25% discount

Fisher Chemical™ Aqualine™ Reagents for Karl Fischer Titration

- Your solution for water content determination by Karl Fischer titration
- Reliable – Fast and stable endpoints ensure reliable and accurate results
- Safe – Low toxicity and pyridine free
- Convenient – Available as a one or two component solution

25% discount on a selection of Aqualine volumetric products for high water content analysis

Cat No.	Description	Quantity	Price
Single component reagents			
10538810	Aqualine Complete 1 – Water equivalent 1mg H ₂ O/mL	1L	82,80
10744761	Aqualine Complete 2 – Water equivalent 2mg H ₂ O/mL	1L	111,30
10754761	Aqualine Complete 2 – Water equivalent 2mg H ₂ O/mL	2,5L	160,73
10181570	Aqualine Complete 2 – Water equivalent 2mg H ₂ O/mL	1L	91,05
10676262	Aqualine Complete 2 – Water equivalent 2mg H ₂ O/mL	2,5L	187,73
Reagents for aldehydes and ketones			
11433813	Aqualine Complete 5K – Water equivalent 5mg H ₂ O/mL	500mL	44,18
10092042	Aqualine Complete 5K – Water equivalent 5mg H ₂ O/mL	1L	95,25
11443813	Aqualine Matrix K – Matrix K should be used in conjunction with Complete 5K	500mL	19,80
10205592	Aqualine Matrix K – Matrix K should be used in conjunction with Complete 5K	1L	51,53
Two component reagents			
10786291	Aqualine Titrant 2 – Water equivalent 2mg H ₂ O/mL	1L	77,33
10284100	Aqualine Titrant 2 – Water equivalent 2mg H ₂ O/mL	2,5L	130,50
10528810	Aqualine Titrant 5 – Water equivalent 5mg H ₂ O/mL	1L	56,25
10172050	Aqualine Titrant 5 – Water equivalent 5mg H ₂ O/mL	2,5L	105,30
10101580	Aqualine Solvent	1L	49,50
10264390	Aqualine Solvent	2,5L	96,98
10199511	Aqualine Solvent CM – Solvent for samples with high hydrocarbon content	1L	43,88

invitrogen

Invitrogen™ iBlot™2 Gel Transfer Device

- Complete protein transfer in seven minutes or less
- High detection sensitivity and even transfer
- Increased blotting reliability and reproducibility
- Flexible gel size formats and membrane types
- A simple, user-friendly system

Transfer proteins quickly and efficiently from gel to membrane in seven minutes or less, plus save 30% off list price.

15224438	SimpliAmp thermal cycler	3243,50

Manual identification is now easier than ever! With Thermo Scientific™ RapID™ Systems you'll experience faster identification, reduced turnaround time, visible colour reactions and precise reporting for more organisms on more platforms

Thermo Scientific™ RapID™ Systems

- One-Step inoculation; Decreased prep time allows for increased productivity
- Four hour incubation; Quicker time-to-result for a faster response
- Common procedure; Lessened materials usage saves time and money
- Visible colour reactions; Reduced subjectivity decreases repeat testing

The RapID Systems are panels for manual identification of microorganisms, they can be used in different contexts like food pathogen identifications and clinical pathogens as well.

Buy the new laboratory stands and get 30% discount

NEW LaboPlast™ Laboratory Stands Promotion

- Funnel stands/filtering stands; stand for Imhoff sedimentation funnel or pipettes
- With innovative magnet concept
- Easy and flexible height adjustment
- Adaptable with corresponding accessories
- Comfortable and smooth operation

The lab frame can be flexibly adapted with corresponding accessories, for example as a frame for Imhoff sedimentation funnels, a pipette stand or as a funnel frame.

Cat No.	Description	Price
10057980	Funnel stand/filtering stand, 2 funnel	81,20
10393731	Funnel stand/filtering stand, 4 funnel	95,67

Buy a KBF series constant climate chamber and get IQ/OQ qualification folder for FREE

KBF Series Constant Climate Chambers

- Long term stability test conditions in line with ICH Q1A and Q1B
- Independent from water supply
- Homogeneous light distribution over the entire usable space (KBF P, LQC series)
- Independent light dose control via spherical sensors (KBF LQC series)
- Support for GMP/GLP conformity with IQ/OQ qualification folders

Achieve the best test results with the BINDER KBF series.

Get a KBF series constant climate chamber with free IQ/OQ qualification folder.

Buy a BINDER cooling incubator at a special price

BINDER KB Series (Compressor) and KT Series (Peltier) Cooled Incubators

- KB series: Powerful cooling with well proven compressor cooling unit
- KT series: Energy efficient thermoelectric cooling with Peltier technology
- Reliable and reproducible incubation conditions
- Disinfection routine at 100°C
- High quality, corrosion resistant stainless steel inner chamber

Get a special price on BINDER Cooling Incubators. KB Series with compressor technology or KT Series with thermoelectric cooling.

Featured Product

Ideal for applications that require stable temperatures above or below ambient

NEW Thermo Scientific™ RI150 and RI250 Refrigerated Incubators with Powerful Compressor Technology

- Broad temperature range of +4°C to +60°C
- Adjustable over- and under-temperature alarm alerts operator of any unexpected temperature deviations
- Glass window in door for undisturbed inspection of samples
- Access port provided as standard
- Automatic defrost for uninterrupted long term sub-ambient applications

Choose a new incubator that provides a broad temperature range enabling it to be used across a wide range of applications.

Cat No.	Description	Price
15658175	RI150 refrigerated incubator with compressor, 220V EU, 150L	3500,00
15668175	RI250 refrigerated incubator with compressor, 220V EU, 250L	3800,00
15678175	Shelf accessory for RI150 and RI250 refrigerated incubators	115,00

Featured Product

Muffle furnaces with flap door or lift door

Muffle Furnaces with NEW Fibre Material Classified Non-carcinogenic

- T-max 1,100°C or 1,200°C
- Heating from two sides by ceramic heating plates (heating from three sides for muffle furnaces L 24/11 - LT 40/12)
- Insulation made of non-classified fibre material
- Housing made of sheets of textured stainless steel
- Dual shell housing for low external temperatures and high stability
- Optional flap door (L) which can be used as work platform or lift door (LT) with hot surface facing away from the operator
- Adjustable air inlet integrated in door
- Exhaust air outlet in rear wall of furnace
- Solid state relays provide for low noise operation

The muffle furnaces L 1/12 - LT 40/12 are the right choice for daily laboratory use. These models stand out for their excellent workmanship, advanced and attractive design, and high level of reliability. The muffle furnaces come equipped with either a flap door or lift door at no extra charge.

Note: other volume sizes and lift door versions are also available, please contact Customer Service.

Additional equipment:

- Chimney, chimney with fan or catalytic converter (not for L 1)
- Over-temperature limiter with adjustable cut-out temperature for thermal protection Class 2 in accordance with EN 60519-2 as temperature limiter to protect the furnace and load
- Protective gas connection to purge with non-flammable protective or reaction gases (not available in combination with chimney, chimney with fan or catalytic converter)
- Manual or automatic gas supply system

Cat No.	Description	Price
T-max 1,100°C		
15483392	L 3 / 11 muffle furnace, volume 5L, with flap door	1827,50
15493392	L 9 / 11 muffle furnace, volume 9L, with flap door	2465,00
15426732	L 40 / 11 muffle furnace, volume 40L, with flap door	4080,00
T-max 1,200°C		
15446672	L 3 / 12 muffle furnace, volume 5L, with flap door	2252,50
15426702	L 9 / 12 muffle furnace, volume 9L, with flap door	3153,50
15446732	L 40 / 12 muffle furnace, volume 40L, with flap door	4692,00

Data-logging thermometers with user-defined time intervals

Traceable™ Excursion-Trac™ Data Logging Refrigerator/Freezer Thermometer

- Meets current CDC requirements for vaccine storage and monitoring
- Rolling memory structure, maintains most recent 525,600 temperature observations
- Stores up to 10 unique alarm events
- Memory can be cleared on unit after downloading data to USB stick
- Hassle-free retrieval of data - unit can remain in use while downloading and analysing data
- Status indicators - low battery, memory full, USB data transfer and active alarm state
- Supplied with stand, Velcro™, magnets, wall mount, batteries, Traceable™ Certificate

Cat No.	Range	Resolution	Accuracy	Probe	Price

The world's most popular refrigerator/freezer thermometers

Traceable™ Refrigerator/Freezer Thermometer

- Triple display simultaneously shows MIN/MAX and current temperatures, °C/°F switchable
- Accurately monitor temperatures in freezers, water baths, heating blocks, incubators and refrigerators with this enclosed temperature-buffered sensor
- Bottle insulates sensor from rapid temperature changes when refrigerator door is opened
- Minimum/maximum monitors high and low readings overnight, on weekends, or for any time period
- Alarm is programmable in 1° increments, sounds continuously when temperature rises above/falls below set points and can be turned off manually
- Visual and audible signals continue even if temperature returns to non-alarm range
- High-impact, chemical-resistant ABS plastic case: 70mm x 108mm x 19mm, weight 113g
- Supplied with stand, 3m micro cable, wall mounting, Velcro™, magnetic strips, Traceable™ Certificate

11873460	-50 to 70°C (-58 to 158°F)	1°	±1°C	Bottle (patented) specifically for refrigerator/freezer applications	45,76
11799735	-50 to 70°C (-58 to 158°F)	1°	±1°C	5mm diameter and 19mm long	49,95
11749745	-50 to 70°C (-58 to 158°F)	1°	±1°C	5mL vaccine bottle mimics vaccine temperature and fits in tray	46,22

The lab's most popular timer

Traceable™ Four-Channel Alarm Timer

- Features: count up/down, time in/out, memories, alarm, 12/24 hour clock
- Large high display allows viewing from a distance
- Remarkable memory returns display to previously programmed countdown time at the touch of a button
- Extra-loud, high decibel alarms for 1 minute or can be silenced manually
- Timing capacity: 99 hours, 59 minutes, 59 seconds
- Resolution: 1 second
- Accuracy: 0,01%
- Supplied with clip, stand, magnet, battery, Traceable™ Certificate

Cat No.	Description	Price
11745863	Traceable™ Four-Channel Alarm Timer	31,72

Fisherbrand nutating mixers deliver gentle uniform mixing of fluids in tubes, plates, culture flasks and dishes

Nutating mixer - fixed speed

- Budget friendly design
- Easy to use, plug and play operation
- Fixed-speed movement at 20° angle
- Operating temperature range: 5 to 40°C, usable in non-CO₂ incubators, refrigerators and chambers
- Fixed speed of 18 or 20rpm (voltage dependent)
- Two year warranty

Cat No.	Description	Price
15584070	Nutating mixer - fixed speed	237,50

Fisherbrand nutating mixers deliver gentle uniform mixing of fluids in tubes, plates, culture flasks and dishes

Nutating mixer - variable speed

- Variable speed from 2 to 60rpm
- 306mm x 266mm platform
- Display will show last used settings
- Operating temperature range: 5 to 40°C, usable in non-CO₂ incubators, refrigerators and chambers
- Continues to run by last set speed
- Continuous or timed operation with automatic switch-off
- Audible and visual alarm when the set time reaches zero
- Two year warranty

Cat No.	Description	Price
15594070	Nutating mixer - variable speed	490,20

Fisherbrand 3D platform rotators provide smooth orbital motion for mixing in culture flasks, dishes, plates and tubes

3D Platform rotator

- Simple speed adjustment from 2 to 80rpm
- Gentle movement ideal for staining gels without destroying the edges or keeping fragile tissue intact during incubation
- Large platform accommodates most commonly used vessels with non-slip mat to prevent sample movement
- Low voltage power supply provides safe cold room operation and low energy consumption
- Operating temperature range of 5°C to 40°C allows for use in refrigerators or non-CO₂ incubators
- Continuous or timed operation with automatic switch-off
- Display will show last used settings, even after power has been turned off
- Two year warranty

Cat No.	Description	Price
15504080	3D Platform rotator	413,25

The Fisherbrand multi function 3D rotator provides flexibility of motion to include rotation, reciprocal rotation, and vibration

Multi function 3D rotator

- Rotation speed: 5 to 100rpm for long wave motion
- Reciprocal rotation: 0 to 360° turning angle for long and medium wave motion
- Vibration: 0 to 5° turning angle, programmable in bursts of 0 to 5 seconds, for short wave motion
- Operating temperature range of 5 to 40°C allows for use in refrigerators or non-CO₂ incubators
- Continuous or timed operation
- Display will show last used settings
- Two year warranty

Cat No.	Description	Price
15514080	Multi function 3D Platform rotator	671,65

Fisherbrand mini tube rotators accommodate 1,5mL to 50mL tubes. Adjustable digital speed control and agitation mode allow for a wide variety of applications

Mini tube rotator

- Small footprint fits easily into refrigerators and non-CO₂ incubators
- Digital RPM display
- Paddles are easily adjustable/interchanged
- Extra paddles are needed if using all same size tubes (except for 50mL size)
- Two year warranty

Cat No.	Description	Price
15534080	Mini tube rotator	234,04
Optional accessories		
15554140	Two paddles for 0,5mL/0,8mL tubes	10,91
15544140	Two paddles for 1,5mL/2mL tubes	10,91
15534140	Two paddles for 5mL/7mL tubes	10,91
15524140	Two paddles for 10mL/15mL tubes	10,91
15564140	Paddle for 50mL tubes	10,91

The Fisherbrand multi purpose tube rotator offers flexibility with multiple carousel options, adjustable speed, and an angled head for added versatility

Multi purpose tube rotator

- Digital microprocessor control
- Six carousel options for maximum versatility
- Adjustable speed from 5 to 80rpm
- Adjustable angled head
- Timer features both time up and time down counting modes
- Display will show last used settings
- Two year warranty

Cat No.	Description	Price
15524080	Multi purpose tube rotator	341,05
Optional accessories		
15554090	50 place tube carousel for 1,5/2,0mL tubes	128,25
15564090	30 place tube carousel for 15mL tubes	128,25
15574090	15 place tube carousel for 50mL tubes	128,25
15584090	10 and 20 place tube carousel for 10 to 15mL and 5 to 7mL tubes	128,25
15594090	64 place drum tube carousel for 14mm dia. tubes	128,25
15504100	64 place drum tube carousel for 18,5mm dia. 15-20mL tubes	128,25

The Fisherbrand multi platform shaker has smooth orbital shaking and a wide variety of optional accessories for multiple applications

Multi platform shaker

- Variable shaking speed: 50 to 450rpm
- Automatic load balancing system
- Continuous or timed operation with automatic switch-off
- Maximum flexibility with many options for interchangeable accessories
- Simple set up and easy operation
- Display will show last used settings
- Low voltage power supply provides for safe cold room operation and low energy consumption
- Operating temperature range of 5 to 40°C allows for use in cold rooms, refrigerators or non-CO₂ incubators
- Two year warranty

Cat No.	Description	Price
15594060	Multi platform shaker	655,47
Required accessories: these items must also be purchased as appropriate		
15524100	Flat platform with non-slip rubber mat	91,20
15534100	Platform with clamps for 6 x 250mL flasks/150mL beakers	168,15
15544100	Platform with clamps for 12 x 100mL flasks/150mL beakers	168,15
15554100	Universal platform with adjustable bars	195,70
15564100	25mL stainless steel flask clamp	21,42
15574100	50mL stainless steel flask clamp	22,80
15584100	100mL stainless steel flask clamp	22,80
15594100	250mL stainless steel flask clamp	25,56
15504110	500mL stainless steel flask clamp	30,23
15514110	1000mL stainless steel flask clamp	34,54
15524110	2000mL stainless steel flask clamp	47,50
15534110	3000mL stainless steel flask clamp	69,09
15544110	5000mL stainless steel flask clamp	86,36
15554110	Sticky mat 140mm x 140mm	34,54
15564110	500mL infusion bottle clamp	34,54
15574110	1000mL infusion bottle clamp	43,18
15584110	Funnel clamp	69,09
15594110	Fixed tube rack 40 x 14mm dia.	69,09
15504120	Fixed tube rack 40 x 16mm dia.	69,09
15514120	Adjustable angle tube rack 40 x 14mm dia.	77,73
15524120	Adjustable angle tube rack 40 x 16mm dia.	77,73

Note: Not for use in CO₂ incubators. Will void warranty.

These sleek and compact bottle/tube rollers are capable of rolling multiple sizes of tubes or bottles

Digital CO₂ and humidity resistant bottle/tube roller

- Anti-corrosive and wear resistant construction
- Adjustable rollers
- Stacking kit allows you to stack units two high
- Optional remote control

Cat No.	Description	Price
15376617	Digital CO ₂ and humidity resistant bottle/tube roller	873,05
Optional accessories		
15386617	Additional rollers (pack of two)	27,93
15316627	Stacking kit	62,85
15326627	Remote control	76,82

Featured Product

Protect your hearing. Situational awareness.
Enhanced attention

3M™ PELTOR™ ProTac™ III Headset

- Hearing protector helps protect against harmful noise, whilst allowing ambient sounds to be heard
- Built-in level-dependent function allows the wearer to hear ambient sounds, such as conversations, machine sounds and warning signals
- 3,5mm jack to connect to your mobile phone or 2-way radio to hear the call right in your ear
- Auto power-off turns headset off after four hours of non-use to save energy, a low battery warning informs you when to change batteries
- Voice guided menu system so no need to take your headset off
- Level dependant microphone for ambient listening

You have two great reasons to protect your hearing – your ears. The 3M™ PELTOR™ ProTac™ III Headset with level-dependent function for ambient listening helps you focus on your work and communicate with colleagues in noisy environments, without removing the hearing protection. Stereo feedback will allow you to hear and better determine direction of alarms, warning cries, reversing vehicles and so on.
