SECTION 1 : Identification of the substance/mixture and of the supplier

Product name: Heptane

Manufacturer/Supplier Trade name: 

Manufacturer/Supplier Article number: S25348

Recommended uses of the product and uses restrictions on use:

Manufacturer Details:
AquaPhoenix Scientific
9 Barnhart Drive, Hanover, PA 17331

Supplier Details:
Fisher Science Education
15 Jet View Drive, Rochester, NY 14624

Emergency telephone number:
Fisher Science Education    Emergency Telephone No.: 800-535-5053

SECTION 2 : Hazards identification

Classification of the substance or mixture:

- Environmentally Damaging
  - Acute hazards to the aquatic environment, category 1
  - Chronic hazards to the aquatic environment, category 1

- Flammable
  - Flammable liquids, category 2

- Irritant
  - Specific target organ toxicity following single exposure, category 3
  - Skin irritation, category 2

- Health hazard
  - Aspiration hazard, category 1

STOT SE 3
Asp. Tox. 1
Aq AcTox 1
Aq ChTox 1
Flam. Liq. 2
Skin Irrit. 2

Signal word : Danger

Hazard statements:
Highly flammable liquid and vapour
Causes skin irritation
May cause drowsiness or dizziness
May be fatal if swallowed and enters airways
Very toxic to aquatic life with long lasting effects
Very toxic to aquatic life

**Precautionary statements:**
If medical advice is needed, have product container or label at hand
Keep out of reach of children
Read label before use
Keep container tightly closed
Wash ... thoroughly after handling
Avoid release to the environment
Use personal protective equipment as required
Keep away from heat/sparks/open flames/hot surfaces. No smoking
Ground/bond container and receiving equipment
Use explosion-proof electrical/ventilating/light/.../equipment
Use only non-sparking tools
Take precautionary measures against static discharge
Use only outdoors or in a well-ventilated area
Wear protective gloves/protective clothing/eye protection/face protection
Collect spillage
IF ON SKIN: Wash with soap and water
IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower
Take off contaminated clothing and wash before reuse
If skin irritation occurs: Get medical advice/attention
Specific treatment (see supplemental first aid instructions on this label)
In case of fire: Use ... for extinction
Store in a well ventilated place. Keep cool
Store locked up
Store in a dry place
Dispose of contents/container to ...

**Note:**
C: Some organic substances may be marketed either in a specific isomeric form or as a mixture of several isomers. In this case the supplier must state on the label whether the substance is a specific isomer or a mixture of isomers.

**Other Non-GHS Classification:**

**WHMIS**
- B2

**NFPA/HMIS**
- 130
  - NFPA SCALE (0-4)

- X
  - HMIS RATINGS (0-4)

Heptane

SECTION 3 : Composition/information on ingredients

| Ingredients: |  
| --- | ---  
| CAS 142-82-5 | Heptane | >99 % |

Percentages are by weight

SECTION 4 : First aid measures

Description of first aid measures

After inhalation: Loosen clothing as necessary and position individual in a comfortable position. Move exposed to fresh air. Give artificial respiration if necessary. If breathing is difficult give oxygen. Get medical assistance if cough or other symptoms appear.

After skin contact: Wash hands and exposed skin with soap and plenty of water. Seek medical attention if irritation persists or if concerned.

After eye contact: Protect unexposed eye. Rinse or flush exposed eye gently using water for 15-20 minutes. Remove contact lenses while rinsing. Seek medical attention if irritation persists or if concerned.

After swallowing: Rinse mouth thoroughly. Do not induce vomiting. Seek medical attention if irritation, discomfort, or vomiting persists. Never give anything by mouth to an unconscious person.

Most important symptoms and effects, both acute and delayed:

Indication of any immediate medical attention and special treatment needed:
If seeking medical attention provide SDS document to physician. Physician should treat symptomatically.

SECTION 5 : Firefighting measures

Extinguishing media

Suitable extinguishing agents: Use water, dry chemical, chemical foam, carbon dioxide, or alcohol-resistant foam.

For safety reasons unsuitable extinguishing agents: Do NOT use straight streams of water.

Special hazards arising from the substance or mixture:
Thermal decomposition can lead to release of irritating gases and vapors. Vapors can flow across ignition source and flashback. Use water spray to blanket fire, cool fire exposed containers. Explosion hazard when exposed to flame, heat, or oxidizers.

Advice for firefighters:
Protective equipment: Wear protective eyeware, gloves, and clothing. Refer to Section 8.

Additional information (precautions): Avoid inhaling gases, fumes, dust, mist, vapor, and aerosols. Avoid contact with skin, eyes, and clothing. Use normal procedures. Poisonous gases may be produced in fire. Use protective clothing. Use NIOSH - approved breathing equipment

SECTION 6 : Accidental release measures

Personal precautions, protective equipment and emergency procedures:
Ensure adequate ventilation. Ensure that air-handling systems are operational.

Environmental precautions:
Should not be released into environment. Prevent from reaching drains, sewer, or waterway.

Methods and material for containment and cleaning up:
Wear protective eyeware, gloves, and clothing. Refer to Section 8. Follow proper disposal methods. Refer to
Safety Data Sheet
according to 29CFR1910/1200 and GHS Rev. 3

Effective date: 01.20.2015

Heptane

Section 13. Sweep up and containerize for disposal. Avoid generating dust. Always obey local regulations. If necessary use trained response staff or contractor. Evacuate personnel to safe areas. Keep in suitable closed containers for disposal.

Reference to other sections:

SECTION 7 : Handling and storage

Precautions for safe handling:
Avoid contact with skin, eyes, and clothing. Follow good hygiene procedures when handling chemical materials. Refer to Section 8. Follow proper disposal methods. Refer to Section 13. Wash hands after handling. Avoid contact with skin and eyes. Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, smoke, or use personal products when handling chemical substances.

Conditions for safe storage, including any incompatibilities:
Store in a cool location. Keep away from food and beverages. Protect from freezing and physical damage. Provide ventilation for containers. Keep container tightly sealed. Store away from incompatible materials.

SECTION 8 : Exposure controls/personal protection

Control Parameters:
142-82-5, Heptane, ACGIH: 500 ppm STEL
142-82-5, Heptane, 400 ppm TWA
142-82-5, Heptane, NIOSH: 85 ppm TWA; 350 mg/m3 TWA
142-82-5, Heptane, NIOSH: 440 ppm Ceiling (15 min); 1800 mg/m3 Ceiling (15 min)

Appropriate Engineering controls:
Emergency eye wash fountains and safety showers should be available in the immediate vicinity of use or handling. Provide exhaust ventilation or other engineering controls to keep the airborne concentrations of vapor and mists below the applicable workplace exposure limits (Occupational Exposure Limits-OELs) indicated above.

Respiratory protection:
Not required under normal conditions of use. Where risk assessment shows air-purifying respirators are appropriate use a full-face particle respirator type N100 (US) or type P3 (EN 143) respirator cartridges as a backup to engineering controls. When necessary use NIOSH approved breathing equipment.

Protection of skin:
Select glove material impermeable and resistant to the substance. Select glove material based on rates of diffusion and degradation. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Use proper glove removal technique without touching outer surface. Avoid skin contact with used gloves. Wear protective clothing.

Eye protection:
Wear equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). Safety glasses or goggles are appropriate eye protection.

General hygienic measures:
Perform routine housekeeping. Wash hands before breaks and at the end of work. Avoid contact with skin, eyes, and clothing. Before wearing wash contaminated clothing.

### SECTION 10 : Stability and reactivity

- **Reactivity**: Nonreactive under normal conditions.
- **Chemical stability**: Stable under normal conditions.
- **Possible hazardous reactions**: None under normal processing.
- **Conditions to avoid**: Incompatible materials. Heat, flames, sparks.
- **Incompatible materials**: Strong oxidizing agents.
- **Hazardous decomposition products**: Carbon oxides.

### SECTION 11 : Toxicological information

#### Acute Toxicity:

<table>
<thead>
<tr>
<th>Route of Exposure</th>

<td>Inhalation LC50 Rat</td>
</tr>
<tr>
<td>Oral</td>
<td>5000 mg/kg</td>
<td>Oral LD50 Mouse</td>
</tr>
</tbody>
</table>

- **Chronic Toxicity**: No additional information.

- **Corrosion Irritation**: No additional information.

- **Sensitization**: No additional information.

- **Single Target Organ (STOT)**: No additional information.

- **Numerical Measures**: No additional information.

- **Carcinogenicity**: No additional information.
SECTION 12 : Ecological information

Ecotoxicity
   Freshwater Fish: 96 Hr LC50 Cichlid fish: 375.0 mg/L
Persistence and degradability:
Bioaccumulative potential:
Mobility in soil:
Other adverse effects:

SECTION 13 : Disposal considerations

Waste disposal recommendations:
   Contact a licensed professional waste disposal service to dispose of this material. Dispose of empty containers as unused product. Product or containers must not be disposed with household garbage. It is the responsibility of the waste generator to properly characterize all waste materials according to applicable regulatory entities (US 40CFR262.11). Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations. Ensure complete and accurate classification.

SECTION 14 : Transport information

   1206
UN proper shipping name
   HEPTANES
Transport hazard class(es)
   Class:
      3 Flammable liquids
Packing group: II
Environmental hazard:
Transport in bulk:
Special precautions for user:

SECTION 15 : Regulatory information

United States (USA)
   SARA Section 311/312 (Specific toxic chemical listings):
      Acute, Chronic, Fire
   SARA Section 313 (Specific toxic chemical listings):
      None of the ingredients is listed
   RCRA (hazardous waste code):
      None of the ingredients is listed
   TSCA (Toxic Substances Control Act):
Heptane

All ingredients are listed.

**CERCLA (Comprehensive Environmental Response, Compensation, and Liability Act):**

None of the ingredients is listed

**Proposition 65 (California):**

Chemicals known to cause cancer:

None of the ingredients is listed

Chemicals known to cause reproductive toxicity for females:

None of the ingredients is listed

Chemicals known to cause reproductive toxicity for males:

None of the ingredients is listed

Chemicals known to cause developmental toxicity:

None of the ingredients is listed

**Canada**

**Canadian Domestic Substances List (DSL):**

All ingredients are listed.

**Canadian NPRI Ingredient Disclosure list (limit 0.1%):**

142-82-5 Heptane

**SECTION 16 : Other information**

This product has been classified in accordance with hazard criteria of the Controlled Products Regulations and the SDS contains all the information required by the Controlled Products Regulations. Note: The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred by the use of this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.

**GHS Full Text Phrases:**

**Abbreviations and acronyms:**

IMDG: International Maritime Code for Dangerous Goods
