Protecting What Matters Most

Fisher Scientific
Facility and Lab Safety

A portfolio of more than 80,000 items
Dear Valued Customer,

Thank you for choosing the Fisher Scientific channel as your destination for safety products and services. Whether you work in a production facility, warehouse, or laboratory, we want to help you and your organization protect what matters most.

On the following pages, you’ll find a sampling of products and services from our key supplier partners to assist you and your team. Regardless of your industry, we’ll help you maintain compliance in the areas of quality, health, safety, service, and the environment.

Our complete product portfolio is available online at fishersci.com or fishersci.ca. For further assistance, please reach out to our Fisher Scientific safety specialists to leverage their extensive experience and find the products you need with ease.

And now, we invite you to explore our safety portfolio as you prepare, prevent, protect, and respond to the needs of your work environment. As always, we’re glad you’re here and we look forward to working with you.

With appreciation,

Angela N. Hokanson
Vice President and General Manager
Safety and Production

Protecting What Matters Most
Dräger™ accuro™ Bellows Pump with Hardside Kit

Allows easy measurement of more than 350 gases, vapors, and aerosols, including formaldehyde.

• Provides a means of direct, onsite measuring
• Uniform, even pump stroke of 100cm³
• Convenient, built-in stroke counter and recessed reset button
• Ergonomic design and corrosion-resistant construction
• For use with accessory extension hoses for remote sampling
  - 10 ft. (3m), 17-988-413; 33 ft. (10m), 17-988-414; 49 ft. (15m), 19-453-030
• Designed and manufactured using ISO 90001:2008 certified processes
• Tubes sold separately

Use catalog number 17-988-409 to order in Canada.
Dräger™ Short-Term Detector Tubes

Filled with an inert reagent carrier material and an indicating reagent.
- Reagent produces a colorimetric indication in the presence of a particular gas, vapor, or aerosol.
- Concentrations can be read directly from the color change on the tubes’ printed scale.
- Hermetically sealed.
- Most have a two-year shelf life (when stored at room temperature).
- Available in packs of ten.

Note: Some tests require a pre-tube or comparison tube in addition to the detector tube. These tubes are included in the box of 10, thus reducing the number of detector tubes.

MSA™ ALTAIR™ 4XR Multi-Gas Detector

Provides real-time incident awareness when paired with the ALTAIR™ Connect app via Bluetooth®.
- Senses gas two times faster than the industry average.
- Quickly updates via the ALTAIR Connect app (available on the Google Play Store).
- Faster response and span calibration times.
- Sends event notifications via text message.
- Can survive an incidental 25-foot (7.5m) drop onto concrete.
- Operating temperature range: -40° to +140° F (-40° to +60°C).
- Four-year instrument and sensor warranty.

Compliance: Class I Division 1 Groups A, B, C, and D; Class II Division Groups E, F, and G; Class III.

MSA™ GALAXY™ GX2 System Test Stand

Provides simple and intelligent testing and calibration of MSA gas detectors.
- Offers high performance as a standalone unit or an integrated portable detector.
- Low-calibration gas volume, expiration warnings, and test stand status.
- Can be tested, calibrated, and charged automatically.
- Color touch screen for ease of setup and viewing.
- Simultaneous testing of up to 10 instruments.
- Optimized for use with MSA’s X-Cell™ sensors.
- 18 languages available.
- Ethernet cable for connection between test stands.

### 3M™ 6000 Series Cartridges/P100 Particulate Filters

Used for contaminant concentrations up to 10X the Permissible Exposure Limit (PEL) with half facepiece respirators, or 50X the PEL with full facepiece respirators.
- Not for use in atmospheres that are unknown or immediately dangerous to life or health (IDLH)
- 99.97% efficient against solid and liquid aerosols (including oils)

**Alerts:** Do not exceed maximum use concentrations established by regulatory standards. These safety products must be used in accordance with OSHA regulations and user instructions, and warnings and limitations accompanying each product. Misuse may result in sickness or death.

### 3M™ APR Respirators and Cartridges

**Ultimate FX FF400 Series Full-Facepiece Respirator**
Engineered for maximum comfort, durability, and visibility.
- Exclusive Scotchgard™ Paint and Stain Protector helps liquids bead up on lens surface for easy cleaning
- Large lens for excellent visibility and a wide field of view
- Silicone facepiece for comfort, durability, and ease of cleaning
- 3M™ Cool Flow™ Valve makes breathing easier and provides cool, dry wear
- Passive speaking diaphragm enhances communications
- Bayonet cartridge connection

**Alerts:** These safety products must be used in accordance with OSHA regulations and user instructions and warnings and limitations accompanying each product. Misuse may result in sickness or death.

NPS Corp.

Spilfyter™ Chemical Classifier Strip Kits

For identifying unknown spills.
- Quickly assist responders in classifying spill for proper treatment
- Show responder whether an unknown spill contains critical levels of these categories: acid/base, oxidizer, fluoride, petroleum/organic solvent, iodine/bromine/chlorine
- Classifier chart compares sample colors to standard color
- Recommended for all emergency response teams
- Used in sewers, at construction and accident sites, storage facilities, and more
- Includes: Chemical classifier strips, polypropylene thread, laminated chemical classifier chart, carrying tube

Youngstown

Barrel & Drum™

Ultra-Scissor Lift Diaper

Captures oil leaks, drips, and spills from scissor lifts.
- Keeps hydraulic oil and other lubricants from dripping onto floors, eliminating slip hazards and messy cleanups
- Poly-backed to keep absorbed liquids from leaking through
- Stays in place even when equipment is moved to different locations

Certification: Available upon request.
Warranty: Available upon request.

Justrite™

EcoPolyBlend™

Spill Control Funnel

For non-flammable liquids.
- Minimizes spills
- Made from 100% recycled polyethylene

Youngstown

Barrel & Drum™

Modular IBC Spill Pallets™

Connect together, allowing spills to be channeled throughout the containment system.
- Utilize patented UltraTech™ Cross of Life system to prevent buckling of polyethylene sidewalls
- No metal parts, eliminating rust and corrosion
- Excellent chemical resistance to a variety of chemicals, including acids, solvents, and oils
- Components may be purchased separately to allow users to build custom configurations for indoor models
- When five or more pallets are connected, an expansion tank is not required to meet spill containment regulations
- Include: Bulkhead fittings to connect spill pallets and/or 65 gal. (246.1L) expansion tanks
- Require: Assembly kit (19-160-0133) which includes hole saw, arbor, and set of two tightening tools

Compliance: 40 CFR 264.175, SPCC, EPA (75 gal.). 40 CFR 264.175, 264.177(c) and 265.177(c). (355 gal.).
Certification: Available upon request.
Warranty: Available upon request.
Youngstown
Barrel & Drum™
Ultra-Recycled Overpack
Offers excellent chemical resistance against acids, caustics, and corrosives.
- Made from low-density polyethylene
- Directs containment and transport of hazardous solids
- For damaged or leaking packages, soiled sorbents, cleanup of contaminated sites, emergency response
- Made with 100% recycled materials

Compliance: UN, 1H2/Y345/S/11/USA/MS904, 49 CFR 173.3.
Certification: Available upon request.
Warranty: Available upon request.

Waste Disposal Containers

Justrite™

Standard Aerosolv™ Aerosol Can Disposal System

Puncture aerosol cans, releasing residual liquids and collecting them directly into a drum for reclamation or recycling.
- Minimizes waste volume and handling
- Made of aircraft aluminum
- Renders aerosol cans fully recyclable
- Accommodates a wide variety of can sizes
- Lightweight and portable
- Does not require a power source
- Environmentally friendly
- Cartridges and filters sold separately

Compliance: Helps compliance with EPA regulations 40CFR261.23(a)(6).

ZOLL™ Medical
CPR-D-padz™
Electrodes for AED Plus™
Ensure fast and accurate placement.
- Include Real CPR Help™ technology to help with rate and depth of chest compressions
- For use on adult patients and children over the age of 8 (greater than 55 pounds)
- Five-year shelf life

Electrolyte Replacement
Gatorade™
Thirst Quencher Liquid Concentrate
Designed for people who engage in strenuous activity.
- Replaces lost fluids and electrolytes caused by heat and physical exertion
- Provides additional energy to tired muscles, and resolves hyperthermia by lowering internal body temperature
- Superior to water for enhancing physical performance during prolonged activity

Honeywell
North™ CPR Microshield
Designed to protect the rescuer while aiding in administration of the proper CPR technique.
- Assists in keeping an open airway
- Packaged in an orange pouch

Medique™
MediLyte™ Electrolyte Replenisher Tablets
For relief from heat stress, fatigue, and muscle cramping.
- Sodium-, sugar-, and lactose-free
- Include calcium carbonate (10.64mg), potassium chloride (40mg), and magnesium oxide (12mg)

Haws™
AXION MSR™
Eye/Face Wash
Provides zero vertical velocity stream engineering with even laminar flow.
- Enhanced comfort, stability, and effectiveness
- Includes: Round green ABS plastic receptor, aluminum wall bracket, mesh in-line strainer, ABS plastic anti-surge eye wash head, green PE plastic dust covers, universal language emergency sign, waterproof test tags, and plastic bowl
Certification: CSA certified to meet ANSI Z358.1.
**Haws™ AXION MSR™ Swing-Away Eye Wash Station**

Mounts on the right side of the sink.
- Dust cover included for protection from debris when not in use
- Requires minimal maintenance and is equipped with test card to record data weekly
- Includes: Stainless-steel eye/facewash head, green PE plastic dust cover, chrome-plated brass flow control assembly, universal language sign, waterproof test tags

**Haws™ AXION™ eyePOD™ Faucet-Mounted Eye Wash**

Removes contaminants from vulnerable nasal cavity.
- Consistent with all EMT, emergency room, and medical office protocols
- Simple to install on standard faucets
- Easy rotation for on/off operation
- Inverted water flow pattern for superior eye protection
- Safety shutoff valve to prevent scalding at high temperatures
- Made of stainless steel
- Durable

**Haws™ AXION™ MSR Pedestal Eye/Face Wash**

Includes all stainless-steel components.
- 11 in. (27.9cm) bowl
- Inverted directional laminar flow
- Equipped with ball valve, inline mesh strainer, pipe and fittings, floor flange, yellow plastic dust cover, universal sign, 0.5 in. NPT inlet, and 1.25 in. NPT waste

**Haws™ Eye Wash Head with Flow Control**

Assures a single, soft and steady stream of water.
- Water pressure ranges from 30 to 90 psi (2.1 to 6.2 bar)
- Built-in automatic pressure compensation flow control is easily accessible for cleaning
- Soft-Flo™ ABS plastic
- Anti-surge
- 0.25 in. IPS

**Haws™ Emergency Shower/ Eye and Face Wash Station**

Designed for easy maintenance, durability, and corrosion resistance.

**Model 8330**
- 11 in. (27.9cm) stainless-steel bowl and 9 in. (22.9cm) floor flange
- Made of 1.25 in. Type 304 stainless steel
- Eye wash and valve assembly are pre-built and fully water/pressure tested
- Certified by CSA to meet the ANSI Z358.1 Standard for Emergency Ewywash and Shower Equipment

**Model 8300-8309**
- 11 in. (27.9cm) stainless-steel bowl with eye wash head and integral flow control
- Zero vertical velocity stream with even laminar flow
- Delivers dispersed flow for uniform drenching
- Stainless-steel push flag for eye wash activation and pull rod for shower activation
- Mesh inline eye wash strainer collects line debris
- Pipe and fitting: 1.25 in. (3.17cm)
- Supply and waste: 1.25 in. (3.17cm)

Certification: CSA certified to ANSI Z358.12004.
**Haws™ Freezeproof Emergency Station**

Ready for emergency use in freezing temperatures.
- Perfect for extreme weather conditions [30°F (34.4°C)]
- Allows for top or bottom water supply
- Pre-built and fully water/pressure tested
- Solid stainless-steel pipe stanchion and galvanized fittings
- Certified by CSA to meet the ANSI Z358.1 Standard for Emergency Eyewash and Shower Equipment
- CSA electrical certified, Type 4

**Shower Head**
- Equipped with 20gpm (75.7L/min.) flow control

**Eye/Facewash Heads**
- Operate independently of shower
- Angled to direct soft spray into the eyes and face
- Flip-top dust covers release automatically when water is turned on

**Drench Hose**
- Operates independently by a chrome-plated brass ball valve

**Pipe and Fittings**
- Protected by a UV-resistant plastic jacket
- Feature removable polyethylene foam insulation, elastomeric seals, and a stainless-steel pull rod
- Piping stanchion is made of Type 304, Schedule 40 stainless steel
- Certification: CSA certified to ANSI Z358.1.

First Aid and Emergency

Fire Blankets

SP Scienceware™ BelArt™ Fire Blanket
Extinguishes small fires without the mess of foam or chemical agents.
• For small Class A oil/grease fires
• Protects against flames and embers when fleeing a burning room or from splashing molten metal
• Woven fiberglass with a textured surface
• All edges are surged with fireproof aramid thread
• Close weave greatly reduces the amount of atmospheric oxygen available to feed the fire
• Packaged in an instant access container that can be hung on the wall or stored in an accessible location

ZING™ Enterprises Eco Fire Blanket and Tote Set
Used to smother flames and cover injured victims.
• Made from 100% recycled materials
• Ideal for first aid stations, disaster areas, plants, offices, schools, fire trucks, police cars, utility trucks, ambulances, and rescue vehicles
• Blanket measures 96 x 60 in. (243.8 x 152.4cm)
• Tote measures 23 x 23 x 6 in. (58.4 x 58.4 x 15.2cm)

ZING™ Enterprises Eco Safety Sign for Fire Blanket
Clearly communicates critical safety information.
• Two-sided for increased visibility and designating important locations
• Available as a V or L shape
• Two mounting holes and adhesive tabs are included for easy installation
• Made from 70% post-consumer recycled plastic
• Supports sustainability initiatives and LEED credits

Fire Extinguishers

Amerex™ Multi-Purpose Extinguishers
Contain a specially fluidized and siliconized dry chemical.
• Insulate Class A fires
• Smother and break Class B fires
• Will not conduct electricity back to user

Amerex™ CO2 Fire Extinguishers
Effective against Class B flammable liquid fires.
• Clean, non-contaminating, and odorless
• Safe for use on clothing, equipment, valuable documents, or food
• Lightweight aluminum cylinder
• All metal valve construction
• QR-coded
• Bilingual labels

Amerex™ Wheeled Fire Extinguishers
Smother fires with an electrically non-conductive chemical.
• Contain a siliconized, sodium bicarbonate-based dry chemical with free-flowing and non-caking additives
• Economical Class B and C protection with lower initial cost and recharging
• Semi-pneumatic wheels
• Coast Guard approved

Visit fishersci.com/safety or fishersci.ca/safety to learn more.
**Fire Protection Signs**

Fisherbrand™
Comfort Nitrile Exam Gloves with Aloe
Offer comfortable fit and feel with enhanced tactile sensitivity.
- Powder-free
- Protect hands against drying and cracking
- Ideal for extended wear
- Textured fingertips for better grip
- Ambidextrous and non-sterile with beaded cuff
- Length: 9.5 in. (24cm)
- Thickness: 3.1 mil (palm), 3.9 mil (finger)
Compliance: FDA 510(k) approved for medical use.
Certification: ISO 9001 certified QMS.; 510K approved for medical use.

MICROFLEX™
93-260 Synthetic Composite Disposable Gloves
Offer both chemical and cut protection.
- Triple-layer construction
- Tough exterior for extended wear
- Superior protection against harsh chemicals including acids, solvents, and bases
- Thin construction for enhanced tactility and dexterity (7.8 mil)
- Extra-soft material and ergonomic design for outstanding fit, feel, and flexibility
- Lower acceptable pinhole rate (0.65 AQL) and extended cuff
- Silicone-free formulation and processing
- Length: 12 in. (30.5cm)
- Thickness: 7.9mil (palm and fingers)
Compliance: Meet ASTM D3577 standards; EN 388, EN 374, EN 421 and CE 0493; FDA 5109(k) approved. Tested for use with chemotherapy drugs in accordance with ASTM D6978.

Medicom™
SafeWear™
High-Performance Lab Coats
Protect health professionals and patients from cross contamination.
- Made of polypropylene
- Single use and disposable
- Available in wide range of sizes and colors

Medicom™
SafeBasics™
Shoe Covers
Footwear protection with fluid-repellent, slip-on covers.
- Sewn seams for increased tear strength
- Non-conductive, non-skid, and non-sterile
- Made of polypropylene

Bench Protector
Kimberly-Clark Professional™
Kimtech Science™ Benchtop Protector Sheets
Designed to quickly absorb spills.
- Won’t slide out from under work area
- Help protect experiments and glassware
- Polyethylene backing provides slip resistance, creates effective fluid barrier, and resists harsh chemicals
- Absorbent material remains flat, even after drying
- Durable even when wet

### Contec™ QuickTask™ Flat Mops

Ideal for cleaning and applying disinfectant to ceilings, walls, and floors.

- Fully autoclavable
- Compatible with a wide range of chemicals and disinfectants
- Apply solutions evenly and remove contaminants uniformly
- Remove liquids, soil, residues, and other contaminants from most surfaces
- Conform to almost any shape, making cleaning of cove bases and ceiling and wall joints easier
- Microfiber construction
- Exceptional sorbency
- Stainless-steel or autoclavable plastic mop frames available separately

**Disinfectants**

**Contec™**

**PREempt™ RTU Disinfectant Solution**

Helps ensure user, protocol, and product compliance.
- Utilize AHP™, a patented synergistic blend of commonly used, safe ingredients
- Contain low levels of hydrogen peroxide to increase potency and cleaning performance

**Gas Cylinder Supports**

**Justrite™**

**Gas Cylinder Support Bracket**

Provides a quick and easy solution for storing gas cylinders when space is limited.
- Bumper-guard edging with steel reinforced vinyl
- Protects cylinders from damage while providing extra grip
- Optional 41 in. (104.1cm) secondary support chain for improved safety during installation
  - Stainless-steel 2/0 chain, 19-085-856
  - Steel 2/0 chain, 19-063-131
- Designed for wall mounting applications
- Heavy-duty polypropylene support straps [1.5 x 54 in. (3.8 x 137.2cm)]
- Holds 1138 lb. (516kg)
- Features side latch or steel cinch buckle

Compliance: OSHA, CGA P1, NFPA55. Warranty: One year.

**Floor Mats**

**Wearwell™ Lab Mats**

Provide durability and excellent cushioning support.
- For use in dry work areas
- Relieve overall body fatigue
- 0.08 in. (0.2cm) thick virgin vinyl permanently bonded to 0.38 in. (1cm) thick moisture-resistant, closed-cell sponge base
- Tough, non-porous surface resists abuse even in the most heavily used work areas
- Resist breakdown when exposed to most laboratory and industrial chemicals
- Beveled edges prevent tripping and falling

Warranty: Three years.

**Justrite™**

**Gas Cylinder Brackets**

Feature all steel construction for durability.
- Straps enable cylinders to be held tight and secure against brackets
- Support straps are made of polypropylene with a steel cinch buckle [3.8 x 54 in. (1.5 x 137cm)]
- Bumper-guard edging with steel reinforced vinyl
- Steel parts are sealed with powder paint for long-lasting chemical resistance
- Optional chain sets can provide a second means of support
  - Stainless-steel 2/0 chain, 19-085-856
  - Steel 2/0 chain, 19-063-131
- Constructed from 11-gauge, hot-rolled steel

**Safety Cabinets**

**Justrite™**

Sure-Grip™

EX Compac Flammable Safety Cabinet

Provides protection when space is at a premium.

- Protects workers, reduces fire risks, and allows storage of flammable fuels and chemicals
- Stores up to 12 gal. (45.4L)
- Double-wall construction helps prevent the spread of flames
- Dual vents allow hazardous vapors to be piped away
- High-visibility Haz-Alert™ reflective warning labels provide added safety during power outages or fires
- Self-latching doors facilitate fire protection of the cabinet
- SpillSlope™ safety shelf directs spills to back and bottom of leakproof sump
- Adjustable leveling feet
- Door reads: “Flammable Keep Fire Away”

Compliance: Meets NFPA and OSHA requirements. Self-closing model complies with Uniform Fire Code.

Certification: FM approved. Self-closing model, UL listed.

Warranty: Ten years.

Abrasive Pads

**3M™ Scotch-Brite™ Ultra-Fine Hand Pad 7448**
Long-lasting and consistent abrasive action for cleaning, finishing, and buffing.
- No need to adjust, turn over, or continue the same project with a new pad
- Ultra-fine finishing action outperforms steel wool for cleaning, blending, prepping, and finishing on metal, wood, plastics, and composites
- Performs like steel wool grade 00 without shredding, rusting, or splintering

**Mechanix Wear™ Material4X™ Original™ Gloves**

Deliver greater abrasion and tear resistance than standard gloves.
- Form-fitting TrekDry™ material to keep hands cool and comfortable
- Thermal Plastic Rubber (TPR) closure with hook and loop for a secure fit
- Reinforcement panels in high wear areas for added durability
- Machine washable

Ansell™ AlphaTec™ 58-735 Nitrile Gloves

Provide seamless thermal insulation for long, comfortable wear in cold and damp environments.

- Chemical and cut resistant
- Integrated cut liner into nitrile shell for better dexterity and tactility
- High-visibility cut liner acts as an indicator for when glove is cut or when chemical protection is compromised
- Excellent dry and wet grip
- Cuff can be folded to prevent chemicals running down the arm
- Oeko-Tex™ Standard 100 Approved
- Thickness: 7.9 mil (palm and finger)

Compliance: Meet ANSI A3 (cut level) and ANSI 6 (abrasion level); EN 388; FDA 510(k) approved.

MSA™ V-Gard™ Slotted Protective Cap with Fas-Trac™ Suspension

Lightweight for all day comfort.

- Polyethylene shell with four-point webbed Fas-Trac ratchet suspension system
- Self-adjusting straps for comfortable fit
- Slotted design works with accessories
- Vinyl sweatband and large easy-adjustment knob

Compliance: Meets or exceeds all applicable requirements of ANSI Z89.1-2003 for Type I helmets, Class E, and CSA Z94.1 2005.

Certification: SEI certified.

Alerts: Not specifically designed to protect against lateral blows from the front, side, or rear.

### 3M™ DBI-SALA™ Confined Space Adjustable Offset Upper Davit Mast

**Designed for use where multiple offset masts are required.**

- Fast and easy setup, dismantle, and transport
- 11.5 in. to 27.5 in. (29.2 to 69.8 cm) offset upper davit mast
- 33 to 43 in. (83.8 to 109.2 cm) anchor point height
- Integrated 5000 lb. (22 kN) mast anchorage point
- Integral secondary fall arrest anchorage point
- Built-in primary and secondary pulleys
- Lightweight, corrosion-resistant aluminum construction
- Use with Confined Space portable and permanent bases

### 3M™ DBI-SALA™ Confined Space Floor Mount Sleeve Davit Base

For use with the confined space offset davit mast.

- Zinc-plated
- Designed for manhole and confined space entry/retrieval applications
- Floor mount sleeve davit base
- Bolts to concrete or steel floors
- Corrosion-resistant plated hardware
- High-strength steel construction
- 360-degree davit mast rotation
- PVC davit mast sleeve liner
- Permanent installation with standard tools

### 3M™ DBI-SALA™ Confined Space 5-Piece Davit Hoist System

Used for manhole and confined space entry/retrieval applications.

- Pivots for ease of rescue and adjusts for overhead clearance restrictions
- Adjusts without tools and collapses for transport and storage
- Can be customized to fit your changing work area
- Easy to assemble and take apart
- Works for a range of confined space scenarios
- Lightweight, corrosion-resistant aluminum construction

### Connected Worker Safety Device

#### Blackline Safety™ G7c Cellular Wireless Connected Safety Device

Connects your team to real people while automating data analytics and compliance reporting.

- Customizable modular design with plug-and-play cartridges and a wide range of gas sensors
- Standard, single-gas, multi-gas diffusion, or pump configurations available
- Lightweight, long lasting, and rugged
- Optional two-way voice communication, push-to-talk capability, and professional live monitoring
- Cloud-hosted safety monitoring includes live map, alert management, customizable device configurations, and reporting

**Equipment Cases**

**Pelican™ Watertight Equipment Cases**

Open cell core with solid wall design.
- Strong, yet lightweight
- Dustproof and crushproof
- Automatic pressure equalization valve
- Stainless-steel hardware
- Easy-open, double-throw latches (except Model 1120)

Model 1400 and higher: Stainless-steel padlock protectors and comfortable rubber over-molded handle.

Model 1510 and 1560 and higher: Retractable extension handle and strong polyurethane wheels with stainless-steel bearings.

Warranty: Lifetime guarantee.

Brady™
BMP™21-PLUS Label Printer

Designed for use in data communications and electronics industries.
- Prints 0.25 to 0.75 in. (0.6 to 1.9cm) wide
- Automatic label formatting and vial label function
- Greek symbols, time and date stamps, ABC keypad, graphics library, and more
- Built-in, automated serialization and barcode
- Smart cell technology for automatic label setup
- Available as a kit that includes an AC adapter (19-102-828)
- Molded rubber bumpers with grab-and-go ridges
- Single color printing capability
- Two-line LCD display for clear visibility
- Prints up to 100 labels per day at 203 dpi and 0.75 in. (1.9cm) wide
- Maximum Print Speed: 0.4 in./sec. (1.0cm/sec.)
- L x W x H: 9.63 x 4.94 x 2.6 in. (24.46 x 12.5 x 6.6cm)
- Weight: 1.7 lb. (0.8kg)

Compliance: BMP21PLUS: RoHS Compliant, WEEE, EU REACH SVHC.
Warranty: Two years.

Maintaining the Integrity of Your Ladder Lifeline System

Ladder Lifeline Systems

Did you know?

In 2014, as many as 261,930 industry, state, and local government employees missed one or more days of work due to injuries from a fall and nearly 800 workers died as a result of a fall.

Source: U.S. Bureau of Labor Statistics (BLS)

Brady™ Vinyl Cartridges for Label Maker (B595)

Labels conform well to smooth or rough surfaces.
- For BMP51, BMP53, and BMP41 printers
- Durable and low-shrink with aggressive adhesive
- Used on pipes, walls, doors, panels, shelving, bins, and equipment
- Offer resistance to oils, detergents, dirt, grime, and many solvents

GOJO™ Industries Purell™ ES6 Touch-Free Hand Sanitizer Dispenser
Calibrated to provide the optimal dose for effective hand hygiene.
- AT-A-GLANCE™ refills provide the easiest way to see when a replacement is needed
- Uses Purell™ ES6 1200mL Hand Sanitizer refills
- No tools are required for replacing included 4 C cell batteries
- SANITARY SEALED™ refill bottles feature a tear-off collar for easy recycling
- LOCK OR NOT™ technology provides access to a secure refill compartment

Compliance: Fully ADA compliant.

GOJO™ Industries Purell™ Professional Advanced Fragrance-Free Hand Sanitizer Gel
Kills more than 99.99% of germs that can cause illness.
- Outperforms other hand sanitizers ounce for ounce
- Made with naturally renewable ethanol
- Clinically-proven formulation maintains skin health
- Dye and fragrance free
- Supports LEED certification criteria; green certified
- AT-A-GLANCE refills provide the easiest way to see when a replacement is needed
- SANITARY SEALED refill bottles are easy to recycle
- Capacity: 1200mL

GOJO™ Industries MICRELL™ Antibacterial Lotion Soaps
Formulated with a quick-acting antimicrobial agent (PCMX) to kill germs.
- Ideal for frequent use in a variety of food service settings
- Lightly scented
- Effective degreasing agent
- Gentle on hands
- Dermatologist tested
- pH Range: 7 to 10

Compliance: TSCA, 15 USC 2602(z) (B), FDA, WHMIS.

GOJO™ Industries Scrubbing Towels
Clean the toughest soils whenever and wherever.
- Made of durable, dual-textured material
- Premoistened with a powerful cleaning solution; no water is needed
- Remove tough soils and quickly absorbs dirt
- Extra-large for superior cleaning capacity
- Contain skin conditioners to help prevent dryness and irritation
- For use anywhere heavy-duty cleaning is required
- pH Range: 4.5 to 8.5

3M™
Aluminum Foil Tape 425

Helps dissipate heat while improving heating and cooling efficiency.
- Thermally conductive, resistant to chemicals
- Acrylic adhesive for long-term durability
- Removes cleanly after harsh masking applications
- Withstands exposure to flame, weathering, moisture, and UV
- Protects surfaces and enhances lighting efficiency
- Conforms to curved and uneven surfaces
- Ideal for heat shielding, heat reflecting, chemical masking, light enhancement, chemical milling, seaming, sealing and de-paint operations
- Thickness: 4.6 mil

Brady™
PermaSleeve™ Polyolefin Label Cartridges

Fit snugly around wires for identification and protection.
- Fade resistant and flame retardant
- 3:1 shrink ratio
- Available in continuous cut-to-length format
- Use with BMP™21 and BMP™21 Plus printers
- For electrical contractors, panel builders, automation technicians, and industrial professionals

Compliance: RoHS compliant, UL recognized, WEEE, EU REACH SVHC, SAEAMSDTL23053/5C (Class 1), SAESS1531, MILSTD202, CSA accepted.

Brady™
Sleeve Heat Gun

Provides fast, even shrinkage of Brady® BradySleeve™ and Brady® PermaSleeve™ marking sleeves and other heat-shrinkable tubing.
- Conforms heat-shrinkable markers tightly to wire
- Deflector shield evenly distributes forced air heat
- Requires a minimum temperature of 500°F (260°C) around sleeves of up to 0.75 in. (1.9cm) diameter for uniform shrinkage
- Sturdy base with rubber pad allows hands-off operation

**Carts**

**Metro™ Super Erecta™ 4-Tier Caster Cart**

Holds up to 900 pounds (408kg) and is easy to assemble.
- Chrome wire shelves and plated posts
- Minimizes accumulation of dust, and allows air circulation and greater visibility
- Two swivel and two brake polyurethane stem casters
- Posts have rolled, circular grooves at 2.5cm intervals along entire height and the design provides a visual guide for positioning and adjusting shelves
- Includes four shelves, posts, plastic split sleeves, donut bumpers, two swivel/two brake polyurethane casters

Warranty: Product will be free from defects in material and workmanship under normal use, service, and maintenance for a period of one (1) year from the date of shipment of the product by seller, unless otherwise specified by seller in writing.

Gas Cylinder Equipment

Justrite™

Six-Cylinder Wheeled Cart

Holds six cylinders in a vertical position.

- Constructed from 7- and 11-gauge hot rolled steel
- Reinforced with three sets of support bars for strength and rigidity
- Lowered deck (1.75 in. [4.4cm] off ground) makes cylinder loading easy and safe
- Edges are protected with steel-reinforced vinyl
- Steel parts are sealed with powder coat paint to ensure long service life and chemical resistance
- Polypropylene support straps (two per cylinder station) with steel cinch buckles

Help comply with OSHA, NFPI, NFPA 55, and CGA.

Justrite™

Single-Cylinder Hand Trucks

For safe, convenient transport of medical, industrial, and commercial use gases.

- Designed and built in the U.S. using American steel, labor, assembly, packaging, and finishes
- Configured for one cylinder with semi-pneumatic wheels
- Swing-down steel carriages allow use of rear swivel casters for additional safety and control
- Detachable handle for shipment
- Powder coated for durability
- Constructed from heavy 11-gauge steel with 3/16 in. (0.5cm) steel supports and round steel tubing
- Polypropylene support strap with steel cinch buckles
- Fully welded

Help comply with OSHA, NFPI, NFPA 55, and CGA.

Justrite™
Gas Cylinder Barricade Racks
Meet USGS high-hazard seismic zone requirements when properly mounted.
- Recommended for indoor or outdoor cylinder storage
- Cylinders surrounded by 2 in. (5.1cm) square steel structural tubing
- Continuous seam welded at all junction points
- Exterior grade powder-coat paint ensures long-lasting strength, durability, and dependability
- High-density polyethylene (HDPE) caps prevent corrosion and injuries
- Feature two levels of welded steel chains for each cylinder and clasps to connect the chains to the rack, ensuring a snug fit
- Predrilled with 0.531 in. (1.4cm) diameter floor mounting holes on lower tube structure

Note: For seismic installations, add S4-rated anchor bolts (19-085-847, not included).

Compliance: OSHA, CGA P1, NFPA 55.
Warranty: One year.

Material Handling

**Shovels**

**Remco™ One-Piece Shovel**
Perfect for bulk materials, and cleaning and sanitation programs.
- Polypropylene construction
- Tough, lightweight, and hygienic
- Helps with cross contamination and food safety, or HACCP programs
- Popular for meat, dairy, seafood, and poultry processing, as well as commercial fishing and other food handling applications.

**Remco™ One-Piece Metal Detectable Shovel**
Helps with HACCP programs, food safety, and prevention of cross contamination.
- Polypropylene construction
- Tough, lightweight, and hygienic
- For use in conjunction with a metal detectable system
- A great alternative to stainless steel

**Compliance:** Made from FDA-compliant raw materials.

Barcode Readers and Power Supplies

**Brady™ Code Reader™ 2600**

**Barcode Reader**
Reads all 1D and 2D barcode symbologies.
- Easy to use, lightweight, and high performing
- Durable, rechargeable battery plus programmable buttons for custom workflow
- Battery status LED indicators with fuel gauge
- High-speed, omnidirectional reading of 1D and 2D barcodes
- Dual field optics (high-density and wide field in same unit)
- Three programmable indicators: vibration, LED, and tone
- Unequaled performance on rounded, curved, and shiny surfaces
- Easy-to-clean, disinfectant-ready IP65 housing for healthcare use
- Powerful data management with JavaScript
- Available in handle and palm kits

**Brady™ CR3600 Charging Station**

Equipped with an embedded modem.
- Formatted for North America
- 3 ft. (0.9m) USB charging cable

Gloves

**Ansell™ HyFlex™ 11-518**

**Cut-Resistant Gloves**
Provide barehand-like dexterity for high tactility.
- Dynema™ Diamond Technology provides high cut-to-dexterity ratio for safety with comfort
- Light-duty, 18-gauge liner with thin polyurethane coating
- Soft, sheer, breathable fiber keeps hands cool and dry
- Fit natural contours of hand
- High abrasion resistance for longer glove life

Compliance: Meet ANSI A2 (cut level) and ANSI 3 (abrasion level); EN 388-3331 standards. CE marked.

Knives and Blades

**Slice™**

**Safety Cutter**

Features a safer micro-ceramic blade with a finger-friendly™ edge.

- Rubberized non-slip finish with soft grip
- For straight cuts through thin materials such as paper, thin card stock, and clamshell packaging
- Ambidextrous design
- Finger-friendly edge stays sharp 11 times longer than metal blades
- Reduces injuries, lowers costs
- Cleanroom friendly
- Non-sparking, non-conductive, anti-rust blade
- Built-in magnet and key ring hole

**Manual Box Cutter**

Features a finger-friendly™ safety blade made from advanced ceramics.

- Reduces injuries, lowers costs
- Ambidextrous
- Handle features ergo-grip J-hook design
- Compatible with Slice Safety Blades (18-222-819 and 18-222-820)
- Includes one double-sided, rounded-tip safety blade
  - Extends to two different cutting depths
  - Non-sparking, non-conductive, never rusts
  - Stays sharp 11 times longer than metal blades
- Red Dot Design Award winner

**Auto-Retractable Box Cutter**

Features a finger-friendly™ safety blade made from advanced ceramics.

- Has an auto-retractable handle
- Reduces injuries, lowers costs
- Change blade orientation for right- or left-handed use
- Handle features ergo-grip J-hook design
- Compatible with Slice Safety Blades (18-222-819 and 18-222-820)
- Includes one double-sided rounded-tip safety blade
  - Non-sparking, non-conductive, never rusts
  - Stays sharp 11 times longer than metal blades
  - No tool required to change blade
- Red Dot Design award winner

**Slice™ Utility Knives**

Feature a durable glass-filled nylon handle and finger-friendly™ safety blade.
- Compatible with Slice Safety Blades (18-222-822 and 18-222-823)
- Stays sharp 11 times longer than metal blades
- Reduce injuries, lower costs
- Non-conductive, non-magnetic blade never rusts
- Change blade orientation for left- or right-handed use
- Lanyard hole keeps tool handy
- No tool required to change blades
- Blade extends to four different cutting depths

**Slice™ Industrial Blades**

Extra-long finger-friendly™ blade is safer than traditional blades.
- Cut effectively
- Reduce injuries, lower costs
- Oil and lubricant free
- 100 percent recyclable
- Safe up to 2912°F (1600°C)
- Stay sharp 11 times longer than metal blades
- Non-sparking, non-conductive, non-magnetic, never rust
- Compatible with Slice Knife Holders (18-222-815 and 18-222-816)
- Four reversible blades per pack

**Slice™ Safety Blades**

Finger-friendly™ blade is safer to touch than traditional blades.
- Reduce injuries, lower costs
- Stay sharp 11 times longer than metal blades
- Non-sparking, non-conductive, non-magnetic, never rust
- Safe up to 2912°F (1600°C)

FOCUS ON SAFETY
TO IMPROVE YOUR BUSINESS PERFORMANCE

AnsellGUARDIAN™ is our proprietary service to help companies select the right personal protective equipment to improve their safety, productivity, and cost performance.

We take an integrated approach, partnering with organizations around the world to address the challenges in today’s PPE environment and deliver measurable safety and business improvements.

CHEMICAL GLOVE AND SUIT SELECTION SIMPLIFIED
AnsellGUARDIAN Partner simplifies the glove and suit selection process for your unique set of chemicals.

This service evaluates the resistance of glove and suit materials against your chemicals to offer a risk assessment with expected permeation breakthrough times. This assessment can either be carried out during a personal consultation with one of our AnsellGUARDIAN specialists or online using our chemical permeation database. As a result, selecting the right chemical glove and suit has never been easier.

Visit fishersci.com/ansellguardian or fishersci.ca/ansellguardian to learn more.

70071657038 | 19-048-546 | Each |

U.S. Only
**Traffic Controls**

**Barricade Tapes**

**Harris Industries™ Barricade Tapes**

Increase visibility of hazards to help prevent accidents.
- Strong, lightweight polyethylene
- Continuous repetition of message
- Caution tapes have yellow background
- Can be tied, stapled, or nailed into place
- Economical and reusable

Compliance: Meets OSHA 1910.144 for marking physical hazards.
