The name Gilson is synonymous with high-quality automated and manual liquid handling instruments. In particular, the accurate and precise adjustable-volume Gilson PIPETMAN® has been a trusted and reliable staple in leading laboratories around the world for 40 years.

---

**Key Facts & Features**

- **Extremely low pipetting forces with redesigned body & lockable volume**
- **Motorized pipette with virtually zero pipetting forces**
- **Robust, accurate & precise with extremely low pipetting forces**
- **Robust, accurate & precise with lower pipetting forces**
- **Robust, accurate & precise**
- **Positive displacement; accurate and precise with problem samples**
- **Positive displacement, repetitive pipette**

**Available Models**

Extremely Low Forces, Lightweight, Lockable Volume

The distinct locking ring guarantees no accidental change in volume. Improved ergonomic design and GLP/GMP compliant with a lockable volume, color coded push buttons and low pipetting/tip ejection forces.

Now available in 15 fixed models covering a volume range from 1-5000 µL.

Accessories
CARROUSEL™ pipette stand
TRIO™ pipette stand
SINGLE™ pipette stand
Multichannel pipette stand
PIPETMAN M Power Carrousel
PIPETMAN COLORIS™ identification clips
PIPETMAN® Comfort Handle

Service Offers
Choose the service option that meets your needs. All options include a free seal and o-ring for most single channel brands.

PIPETMAN Easy Check
PIPETMAN Repair and Calibration Level 1
PIPETMAN Repair and Calibration Level 2
PIPETMAN Repair and Calibration Level 3
