Protecting What Matters Most

Assessments

Matting

Site Survey

Wearwell experts will work with on-site staff to recommend the ideal ergonomic matting and flooring of any shape or size to help improve your team's safety, health, and performance.

About

With all the anti-fatigue matting available, choosing the most effective product that meets your unique needs is increasingly difficult. One of Wearwell's nationwide team of experts will perform a complete assessment of your facility. They will listen carefully to your concerns and recommend a matting and flooring plan that meets your goals and your budget.

Following the Site-Survey, you will receive a complete report with the recommended product(s), size or quantity, and an estimated cost.

Key Benefits

This service takes the time, guesswork, and frustration of selecting the appropriate matting or flooring off your hands. Your Wearwell team will assess, measure, and recommend the absolute best solution to:

- Improve employee productivity
- Help ensure employees stay healthier
- Minimize contamination from entering controlled areas
- Ensure your safety and budgetary goals are met
- Avoid buyer's remorse
